

NEW TIME

Visual scam same-sex:

Since sex is mental and the stability of a sexual mindset depends on real visuals or on eliminating mental truth with fraudulent visuals the purpose of this existence is to reach the mind through sight. It begins to insist visually, trying to erase the heterosexual feelings of real heterosexual women and men. Because heterosexuals know it is a fraud because the bodies of LGBTQ women and men are fraudulent and they are filled with disgust at being a sexual fraud, it mentally erases the heterosexual feelings of heterosexual women and men. These fraudulent communities of people who dress deceptively do so to conceal their fraudulent bodies, because clothing is not the expected body. They dress fraudulently because they cannot change their bodies; it is a fraudulent feeling. This feeling uses the body to deceive heterosexual people with a fraudulent body hidden behind clothing.

If it were not for the purpose of sexual deception with the body, this human existence would not exist. It exists for this purpose: to deceive the appearance of heterosexual men and women and to eliminate attraction to the bodies of real women and men.

The world associates this existence with the annual Halloween season, and it is common for young people to mock it by calling them “Halloween.” This occurs because, with the arrival of Halloween, people dress up as someone they are not, and this strongly connects to the LGBTQ minority community. The women who dress up have the appearance of men, and the men have the appearance of women, but in reality, they are not. The clothing results in fraudulent women and men. Since sex is with humans, there is no way to scam them with material things. Since sex is human, the feeling of LGBTQ human existence is to scam sex with the same body. Sexual fraud uses the same body, and it increasingly tries to force people’s minds with propaganda or to force them to accept it as normal. It hides the truth that it is a sexual scam by using flags to make people feel superior in fraud sexual fraud through differences.

Woman and fraudulent same-sex love:

This replacement is due to sympathizing with the sexual-fraud LGBTQ community, when the friendship is between a heterosexual woman and a sexually retarded LGBTQ woman.

1. "Heterosexual couples are old times, friend. We are young and we have to live in the new times. We understand each other better mentally, and you will not feel inferior because we are the same. We are not used to men either."
2. "We LGBTQ are the new, different times. What if we kiss in silence? New experience, nothing happens. Imagine that I am a man."
3. "LGBTQ we are different, and it draws people's attention. They look at us differently, and it feels different because we are different."
4. "Don't worry, same-sex couples are normal and different. Don't be afraid. Those who disagree are homophobic. Ignore homophobes."
5. "Men are all the same they are bad, unfaithful. If you experiment, you will not suffer. I will confess one thing: I have liked you for a long time, but I did not dare to tell you. Baby, please give me a chance and we will be happy. Please, I need you. You are my only happiness. We can adopt. Don't leave me abandoned, alone, empty, and sad. Every person deserves to be happy."
6. "I will help you with your needs. Don't worry, love. I will help you with money or anything you need. Men do not help; they only seek an end and are unfaithful."

Men and fraudulent same-sex love:

This replacement is due to sympathizing with the sexually retarded LGBTQ community, when the friendship is between a heterosexual man and a sexually retarded LGBTQ man.

1. “Friend, we understand each other better mentally, and you will not feel that they love you for money. You are not used to women who have to be supported and are unfaithful behind your back. It is better to have an anus it is tighter and gives greater pleasure.”

2. “We LGBTQ are the new, different times. What if we kiss in silence? New experience, nothing happens. Imagine that I am a woman.”

3. “LGBTQ we are different, and it draws people’s attention. They look at us differently, and it feels different because we are different.”

4. “Don’t worry, same-sex couples are normal and different. Don’t be afraid. Those who disagree are homophobic. Ignore homophobes.”

5. “Women are all the same they are bad, unfaithful. If you experiment, you will not suffer. I will confess: I have liked you for a long time, but I didn’t dare to tell you.”

6. “I will help you with your needs. Calm down, love. I will help you with money or whatever you need. Women do not help. They are unfaithful. They are pigs because they have menstrual periods, and the blood smells bad. They only seek an end: to live off men and be unfaithful with more handsome men who have better bodies.”

LGBTQ people speak ill of heterosexual women and men to make them victims of same-sex sexual fraud, using fraudulent logic to convince heterosexual women and men to experiment and become victims of scams by generating curiosity through friends.

The truth is not homophobia:

Homophobia is correct because homophobia is the repudiation of fraud. Rather, it is the rejection of human fraud the human fraud that is fraudulent LGBTQ men and women. The names that identify this fraud lesbians, gays, bisexuals, homosexuals, transgender, transsexuals, etc., summarized as LGBTQ are fraudulent names used to promote fraudulent same-sex couples as another normal existence. But the reality of this existence is only sexual retardation, because it has nothing to do with other normal behaviors. The real name is sexual fraud. The physical body is sexual fraud because women and men exist with natural and true intimate parts that are sexually compatible. Men dressed as women and women dressed as men, or same-sex couples, exist because those who dress in fraudulent ways do so to attract people of the heterosexual gender with fraudulent visuals. Because the LGBTQ fraudulent feeling is satisfied with heterosexual people, the fraudulent feeling exists to scam both heterosexual genders women and men with the same sex. Those who do not dress and are in same-sex couples do so to avoid feeling inferior to a different gender and to let heterosexuals see that it is the way of equality. But LGBTQ, whether dressed or naked during the sexual act, is still sexual fraud: with women, vibrators and strap-on plastic penises; with men, anal sex. Dressing up is meant to attract heterosexuals in fraudulent ways, and same-sex couples who do not dress up are also meant to convince in fraudulent ways. Homophobia or the phrase “you are homophobic” or “they are homophobic” is used by people in the sexually retarded LGBTQ community as a shield to hide LGBTQ sexual retardation of the same sex and same body, and to promote a new retarded existence, fraudulent, as normal. Homophobia comes from this fraudulent existence connecting with heterosexuals through nausea, visual disgust, doubts, and fears. Nausea: from not being able to swallow food bought in public places and having to change locations. Visual disgust: because the images remain insistent, trying to eliminate heterosexual feeling. To eliminate the visual, they spit so that it does not continue to insist and has no effect of eliminating heterosexual feeling.

Doubts: because it is not normal and is toxic for society this sexual fraud propagated as normal by victims of fraudulent news and celebrity journalists. Fears: that the children and relatives of famous and ordinary people will be victims of this LGBTQ sexual fraud due to the promotions and protests claiming it is normal, and that they will be victims of lies and the family will not continue with births for having been victims of this LGBTQ sexual fraud. The four reasons mentioned above together become a toxic torment that, most of the time, is connected with murders of these people with this fraudulent LGBTQ feeling. The fraudulent LGBTQ existence will become so toxic that it will reach a point where removing this fraudulent LGBTQ existence will mean killing the LGBTQ community. This will be done by heterosexual people. The worst massacres will occur around the world if governments do not confirm that they are sexually retarded for sexual fraud, to solve this disgust in society. Heterosexuals will kill LGBTQ women and men with sexual retardation to protect the future of their children. Homophobia is mostly women protecting their girls from being victims of bisexual fraud, and they are capable of killing or stabbing women who want to defraud their daughters. The LGBTQ feeling is just a feeling used to defraud women of the same gender with the same sex and the same physical body. Women with the physical body of a woman dressed as men, with a fraudulent feeling of being a man, use strap-on plastic penises like this to defraud heterosexual-feeling heterosexual women. With men equally, the LGBTQ feeling is just a feeling used to defraud men of the same gender with the same sex and the same physical body. Men with the physical body of a man dressed as women, with the fraudulent feeling of being a woman, with breasts made of plastic silicone and an anus used for defecation to imitate a vagina like this, to rip off heterosexual-feeling heterosexual men. Since sex is with human beings, there is no way to scam it with material things. Since sex is human, the fraudulent human existence of LGBTQ people exists to scam sex with the body, because they are not real bodies. Since the body is the physical fraud of a feeling, that is why LGBTQ people are human frauds: fraudulent women and men.

Questions and Answers:

Q: Where is this community headed, which is more of an agenda than a community?

A: The goal of these communities is to replace heterosexual women and men in everything: jobs, music, movies, politics, Miss Universe, commercial advertisements. The goal is to create a completely fraudulent LGBTQ world, and when the government finds out, they will kill them because it is a fraud.

Q: Shouldn't these people be discriminated against?

A: The truth is not homophobia, and the promotions with flags in public establishments and gay porn videos are meant to convince people that it is normal and another existence, and to create curiosity in people so that they become victims of experiments to eliminate the heterosexual feeling of the victims.

Q: Where is the physical fraud of a fraudulent same-sex feeling?

A: Physical fraud is the body, and in intimacy, the fraud is the private parts. The fraud of the vagina is the anus, and the fraud of the human penis is the plastic penis.

Q: Is bisexuality normal or not? Why do I see a lot of bisexual promotions in porn videos?

A: Feeling bisexual is also a sexual fraud because the body does not change with each feeling; it is only one way. Bisexual feeling involves a few heterosexual attractions that, after having children through heterosexual sex, those few attractions disappear.

Q: Why does the government do nothing, and in certain ways even some countries support them? Is it normal?

A: Governments are not the walls of the Capitol nor the walls of the house where the president lives. The truth is that politicians are people who think and evaluate normally, like people who are not politicians. Nowadays, since politicians are people like anyone else, they are still confused about whether same sex is normal or not. They live confused because the retardation is sexual and is hidden with other normal behaviors unrelated to sex, because sex is something practiced in private. Since sex is private and practiced in a hidden way, governments have not discovered that the retardation is in sex to eliminate same-sex births.

Q: If fraud occurs between people of the same sex, where is the physical element?

A: Physical fraud involves the body itself. As such, it belongs to the realm of perception, not to the body. To commit physical sexual fraud, a person would have to inhabit another person's body, thereby fully falsifying the sexual act.

Q: If no one can be born of the same sex, why do same-sex couples still exist?

A: Same-sex couples continue to exist because they are people born to heterosexual sex with sexual retardation, with the hidden effect of preventing same-sex births after birth. Once born that is, alive in the world they are used by fraudulent sentiment to replace heterosexual couples with same-sex couples worldwide, as is currently being attempted due to a lack of real knowledge. Women who dress like men do so because they cannot change their bodies; it is a fraudulent feeling. A man who dresses like a woman does so because he cannot change his body; it is a fraudulent feeling.

Q: What is the final future of these same-sex couples?

A: The future is that human life does not exist through births, and to ensure that it does not exist, the entire world must believe that same-sex couples are normal, with support and a lot of propaganda everywhere. Maintain the insistence with promotions and propaganda until the entire world becomes same-sex couples. Once human life disappeared because heterosexual sex would not exist.

Q: Isn't there anything wrong with a minority of people liking the same sex?

A: LGBTQ is just a fraudulent feeling used to scam people with the physical body, because as victims they will touch the body, not the feeling. That is why it is just a feeling and not their physical body. The body of a woman and a man is compatible because the penis and vagina have heterosexual logic. The same body and the same intimate parts are not compatible because it is sexual fraud: LGBTQ.

Q: If a person is not born with delayed psychosexual development and suddenly feels attracted to the same sex, what occurs?

A: Exposure to advertisements, flags, and same-sex pornography that depict such behavior as normal and appealing can motivate individuals to experiment out of curiosity. Consequently, these individuals may become victims of deception presented in an attractive form.

Q: Do people with sexual retardation know that their feelings are abnormal?

A: Yes, they know that their feelings are not normal. Because they have sexual retardation, they experience these feelings as if they were normal for their bodies. Consequently, they wear clothing that does not align with their biological sex in other words, they use clothing to deceive others.

Q: Why do they not have children? Why is it biologically impossible to have children with a person of the same sex?

Q: These are people born with delayed sexual development, and this perceived delay prevents them from having genuine heterosexual sex. Since same-sex relationships are considered a form of sexual fraud, no one can be born with this type of development; therefore, it is a form of sexual retardation aimed at preventing births.

Q: Do people born with this deceptive instinct remain that way for life?

Yes, people with a deceptive sexual instinct tend to remain that way for life. If they try to deny their heterosexuality, they feel distress, and any fulfillment they find in same-sex relationships proves unsustainable, which compels them to continue living deceptively.

Q: What should I do with these people who are like this?

A: Do not accept that same-sex couples are normal due to advertising, or allow yourself to be convinced by advertisements. The lies expressed by LGBTQ communities on television, newspapers, or in LGBTQ sexual-orientation speeches should not be believed with sympathy, because they are expressions with fraudulent logic. Continue life like everyone else does: ignore, do not give an opinion, do not support, do not listen to the ads, and continue with true heterosexual human happiness. Because if you pay attention to the ads, you will automatically be attracted to people of the same sex. Continue believing that the colors are from the rainbow and not from these communities, and that the colors do not represent these communities of retardation, impediment, LGBTQ sexual fraud.

Retardation, fraud, impediment LGBTQ are three sexual retardation conditions combined.
